### Accounting Policies for Financial Information for the Third Quarter of FY 2007

Chiba Bank has partly adopted the simplified accounting method in preparing its financial statements for the third quarter of fiscal year 2007, ending March 31, 2008. There are also some changes in presentation. Details are given below.

Please note the quarterly financial information has not been audited by our independent auditor, Ernst & Young ShinNihon.

1. Simplified accounting method

The amount of Reserves for Possible Loan Losses is calculated by applying the past loan loss ratio determined at the end of the first half of FY 2007, to the outstanding balance of each debtor category based on our self-assessment as of December 31, 2007.

- 2. Changes in accounting method.
  - (1) In accordance with the revision of the Corporate Tax Law of 2007, depreciation of tangible fixed assets acquired on or after April 1, 2007 is computed by the procedure stipulated in the revised law. As for tangible fixed assets acquired on or before March 31, 2007, their residual values are depreciated using the straight line method over five years from the next consolidated fiscal year following the fiscal year in which they reached the final depreciable limit.
  - (2) With regard to executive retirement benefits, which were previously expensed as they incurred, in accordance with JICPA Audit and Assurance Practice Committee Report No.42 April 13, 2007 effective from fiscal year 2007, the bank has adopted the report from this period.
  - (3) With regard to deposits which are recognized as profit (dormant deposits), in accordance with JICPA Audit and Assurance Practice Committee Report No.42 effective from fiscal year 2007, the bank has adopted the report from this period to recognize the Reserve for reimbursement of dormant deposits recognized as profit.
  - (4) The definitions of securities in "Accounting Standards for Financial Instruments" (ASBJ Statement No.10) and in "Practical Guidelines on Accounting Standards for Financial Instruments" (JICPA Laws and Regulations Committee Report No.14) were partially revised on June 15, 2007 and July 4, 2007 respectively, and are applicable from the fiscal year and interim period ending on or after the enforcement date of the Financial Instruments and Exchange Law. The bank has adopted the revised standards and guidelines commencing with this period.
  - (5) As for the tax effects of sales of investments (such as subsidiaries' stocks) within the Group, the bank has adopted Paragraph 30-2 of "Practical Guidelines for Tax Effects on Consolidated Financial Statements" (JICPA Laws and Regulations Committee Report No.6, March 29, 2007) from this period.
