

# Overview of Japanese Regional Banks

*Number of regional banks in Japan\**

**64**

*Total deposits\**

¥ **248.9** trillion

*Total loans and bills discounted\**

¥ **185.7** trillion

Japan's 64 regional banks each have a dense network of branches that center on the prefecture where their head office is located. The banks accommodate the diverse financial needs of individual customers and regional small, medium-sized and middle-market companies, playing a leading role in regional finance for the promotion and development of regional communities.

\* Regional Banks Association of Japan (As of March 31, 2016)
